After you have logged in, Tamcat will ask you to connect your library card to your account. If your student card has been activated as your library card, your library card number is the string of numbers under the barcode (starting with 256). If you have never changed your password and do not know the default password, please contact the library. If you have previously changed your password on Tamcat, insert that password. If you do not remember your password, it can be reset at the library customer service desk by showing an ID with your picture on it.

Go to: Library Card > Actions > Change your password
